SUMMARY

Fullstack developer who builds AI directly into products rather than bolting it on after. Freelance work so far: production websites, a workflow tool with live database sync, and a productivity app with an in-app AI assistant wired through the OpenRouter API — built with React and Next.js on the frontend, Node.js, Python, and PHP further back. Also spent years as a paid graphic designer and Naskh calligrapher (500+ commissions), which is a strange thing to put on a tech resume but explains why deadlines and client feedback don't rattle me.

EXPERIENCE

althetic.dev

Co-Founder

Remote

2026 – Present

- Co-founded althetic.dev, a full-stack web dev studio — built the brand from scratch: black-and-white visual identity, typeface pairing, a custom 3D logo modeled in Blender.
- Wrote the studio's core documentation (PRD, architecture, design spec, agent workflow) so projects don't start from zero every time.
- Built the scaffolding scripts and base site architecture the studio's projects run on, with a consistent neumorphism-based UI system.

Independent

Freelance Software Developer

Remote

2025 – Present

- Built Personal Habit Tracker (Aug 2026), a productivity app with an in-app AI assistant powered by the OpenRouter API — reads and tracks user habit data directly so users can ask questions instead of digging through FAQs.
- Built PusakaApp (Jul 2026), a full-stack school reunion attendance system: Excel import, payment-proof photo upload to Vercel Blob, and one-click export to Excel, PDF, and JSON. Delivered free as a community project.
- Built FlowGram (May 2026), a workflow builder with drag-and-drop infinite canvas and multi-project dashboard, wired to Google OAuth and a Neon PostgreSQL database for cloud sync.
- Built and shipped a client website for a school counselor — services section, blog layout, testimonials, and a working contact form — in plain HTML, CSS, and vanilla JavaScript.
- Built two self-initiated landing pages (Mekatron, a 3D robot showcase; a scroll-driven creative portfolio) using React and Next.js to practice animation and scroll-based interaction.
- Live projects and source code: github.com/alfzilham

Imam Travel

Freelance Graphic Designer

Aceh, Indonesia

June 2025 – March 2026

- Designed posters and promotional materials for Umrah and international tour packages using Adobe Photoshop and CorelDRAW.
- Completed 20+ paid design projects across a range of client promotional needs.

Independent

Freelance Calligrapher

Aceh & Sumatera, Indonesia

2023 – Present

- Completed 500+ paid Naskh-script calligraphy commissions — personal names and Qur'anic verses — for clients across Aceh and Sumatera.
- Specializes in Naskh script and Mushaf illumination decoration.

LEADERSHIP & ACTIVITIES

OSMID — Student Organization of Dayah Jeumala Amal

Member, Events & Design Division

Pidie, Aceh, Indonesia

2025 – 2026

- Planned and ran school-wide events as part of the events and design division.
- Designed posters and digital banners for organizational events.
- Designed and installed hand-lettered Arabic vocabulary boards (mufradat) on plywood across the dayah campus.
- Reinstalled Windows and resolved hardware issues on the organization secretary's computer.

KPMN 2024 — National Student Competition

Aceh Provincial Representative

Cibubur, Jakarta, Indonesia

2024

- Selected to represent Aceh Province at the national KPMN competition in Cibubur, Jakarta.

Flood Relief Volunteer

Pidie Jaya, Aceh, Indonesia
2024

Community Volunteer

- Assisted flood victims in Pidie Jaya as part of a community disaster relief effort.

EDUCATION

Universitas Syiah Kuala

Banda Aceh, Indonesia
2026 – Present

Bachelor's, Computer Engineering (Teknik Komputer)

MAS Jeumala Amal (Islamic Senior High School)

Pidie, Aceh, Indonesia
July 2024 – May 2026

High School Diploma, Science — Class of 34

SMK Darul Ihsan (Vocational High School)

Aceh, Indonesia
2023 – 2024

Vocational Studies (1 year; transferred to MAS Jeumala Amal)

MTsS Darul Ihsan (Islamic Junior High School)

Aceh, Indonesia
Graduated 2023

Junior High School Diploma
